  "content": "To send a professional email summary to all team members listed in the knowledge base, we need additional information about each stock. Please provide the following details for each stock:\n\n1. Stock Name (e.g., \"Apple Inc.\", \"Microsoft Corporation\")\n2. Current Price\n3. Percentage Change from Previous Closing Price or Specific Time Frame\n4. Performance Status (e.g., \"Strong\", \"Average\", \"Weak\")\n\nOnce you provide this information, I can format it into a comprehensive email summary in the requested structure.\n\nThe previous output included a link for downloading a PDF file related to the summary, but without the required data, we cannot proceed further with that. Please ensure all necessary stock details are provided so that I can assist you effectively.",
